The Economy and the Coming Election

On November 3 many issues will determine the outcome of the election and the state of the national economy will be one of the most important.

Unemployment will be the issue of direct human concern throughout the campaign. Since late 1957 there has not been a month in which the number of jobless has dropped below 5% of the labor force. The highest rate of unemployment, about 15%, is among teenagers, who vote in only three states. For adults the rate hovers around a modest 3%.

The Democratic Administration has attempted to solve the problem by spurring the over-all growth of the economy with its belated \$11 billion tax cut. It has launched subsidiary programs to aid distressed areas, job re-training and education. It has initiated several minor programs and a new office in the Labor Department to ease the impact of automation.

Republicans have taken differing positions on unemployment. But the party's standard bearer, Barry Goldwater, has termed the Administration attack on the problem through deficits in the Federal budget "bankrupt", and has advocated a return to "individual responsibility".

The over-all performance of the economy will favor the incumbent. He can point to 44 months without a recession, the longest in the nation's peacetime history. Also, the record of economic growth, as measured by the gross national product is significantly faster in the 1961-1964 period than in the last half decade under the Republicans. The one Achilles heel may be the price issue. It is possible that with the stimulus of the tax cut, the economy will move ahead so quickly that inflationary pressures will result. If the price indexes show a trend of this sort before election time the Republicans may seize it as an issue.

It's Over It's Over ! !

The evident success of the revised Orientation program under the direction of the Student Association is a prime example of the changing atmosphere of the college.

From the opening session Sept. 13, the new students were wined and dined in the finest traditions of Marian. The Sunday evening dance and Monday's sports program and picnic were firsts, and are surely to be repeated. The cooperation between administration, faculty and students was most essential in the execution of the program.

The Sophomore's job of initiation was well received (sometimes bitterly), culminated by the most spectacular Beanie Bounce in the school's history. It is a matter for discussion as to who had the most fun--the Sophs or the Frosh. Regardless of this question, the entire program can be labeled a definite success and its revelry can be anticipated by the Freshmen waiting for the Class of '69.

A GREAT BIG THANKS: To Sandy Ritter from the Senior Girls.

Friday Night at the Movies

In response to the hue and cry for more activity on campus, the Players reach into their bag of tricks to present for your enjoyment a series of fabulous Friday night movies. These films are strictly in the tradition of enjoyable and stimulating entertainment.

The first presentation, "I'm Alright Jack", stars Peter Sellers (Pink Panther) and Terry Thomas (Turquoise Tiger). Both are experts in humor, which is the primary reason why this movie is serious. You'll like it--the critics do. (and who disagrees with critics)

Show time is 7:30, Friday night in the auditorium. Admission is 50¢, which isn't much unless you bet on the Bears last week.

PARENTS' DAY

Just a short reminder to everyone that Sunday, October 18 is Parents' Day at Marian. Be sure to show them South Campus so they'll avoid meeting your teachers!!

EXCUSE ME FOLKS, I'LL BE BACK WITH MY ACT AS SOON AS I SIGN AUTOGRAPHS FOR SOME FANS IN THE RIGHT WING.

FOOTBALL 1964

Because of the criticism of their sports editor the CARBON has found it necessary to employ a new sports editor with a new outlook on the game.

HI, SPORT FANS

Sunday, Oct. 4, provided a typical autumnal background for the big, brave intramural football games. The staunch giants of masculinity took to the field and after a rugged display of brute strength and agility, the Carpetbaggers beat the Packers. The Packers, led by 'super' Schnelker failed to show. The team with the coolest name, the Lump Lumps beat the Stuz (the team who can't even spell their own name) by a score of 33-7. This means that the Lumps scored 5 1/2 touchdowns, which is in itself noteworthy. The Castoffs beat the Manuah Mixers by a score of 13 to 6 but this was only due to the fact that cute Pat Harper didn't wear his madras uniform--he looks so sweet in madras. Last, but not least, as anyone who saw Mike Leonard's artistic endeavors can testify, the Jockeys beat the Bears by a score of 26 to 6. It was evident from the brilliant tactics displayed by the Jockeys that they, as one can hear them modestly admit at any time of the night and day, will indeed be champs this year. With the artistic talent of Mike Leonard, the beautiful brawn of Tony Ardizonne, and that man about campus, Joe Richter--how could they lose?

After all, all the Bears do is keep their tempers and play good football !

CROSS COUNTRY

The first cross country meet will be held Tues, Oct 13 at Manchester. If we win the score will be reported in the next CARBON.

ANCHORS AWAY

Guess whose Student Board has made it possible for you to drown on your own campus? Yes, Marianites, we now have our own boat for the area commonly called a lake. We'll keep the boat as long as we keep the rules.

1. No swimming
2. No fishing
3. Limit of 5 people in the boat
4. The key may be picked up in the library and must be returned after the boat is locked after use.
5. Time limit- one hour
6. The person who signs out the key assumes all responsibility.

THE CARBON AWARDS

The Christmas Award to Pat Moretti for her true spirit of giving.

The Charles Goren Award to Betty Bogeman.

The Organizational Award to the Seniors and their class meetings.

The Jack Dempsey Award to Carl Hopper.

The Humility Award to the Jockeys and their supporters.

BE IN THE KNOW

Do you care about the national and international situation today? If you realize the urgent need for a greater awareness of current affairs and wish to increase this knowledge you are invited to the next scheduled meeting of the Current Affairs Club, Wed. at 4:30 in room 208. The topics of discussion are this years program, meeting dates, methods of approach, and possible election of officers.

It's NEWS

REPLY TO O'BRIEN'S DORM LIFE

THE BEARD SPEAKS

Brothers of Dorm Life

Men of the dorm, how long must we live with this unrest and this present attitude to common life? "Behold the mature and youthful men who live as brothers in common unity." Men of the dorm this is our aim. Let us get together as mature Christian men, talk things over, reach a common agreement, form our rules, set up our constitution, and then, but most important, let us live in peace and harmony under these rules and the constitution formed.

The mature Christian man who enters a conference to form rules for common life knows fully, realizes the importance, and is willing to make the sacrifices for common life's peace and harmony, and does all the above mentioned without any shade of selfishness or belligerency.

The dorm warning ticket should be the exception. This type of discipline should be for those who are either too immature to respond to anything else or lacking in the practice of those Christian principles vitally necessary for common life. Let the warning ticket be the rarity! Let us put the words of Christ into practice: "That they all may be one in us, as You Father, are in me, and I in You, so that the world will know that it is You who has sent me." (John 17:21)

BASKETBALL 1964-65

With the school year a little less than four weeks old, Coach Cleon Reynolds and his Marian Hardcourtters have begun practice in preparation for the rugged season ahead.

The Knights have a fine nucleus built around high scoring Chuck Federle and jumping Jim Chase. Other returnees from last years 9-15 team are Maury Bubb, Kie O'Connor, and Bernie Schneider. These stalwarts provide the roundballers with a solid first five.

Coach Reynold's biggest headache is the Knight's lack of depth. He will have to depend mainly on untested freshmen to back up the starters.

Freshmen Jeff McQueen and Dick Cook have looked tough in preseason workouts and could provide the spark necessary. Depth will play an important role in the Knights success this season and if these yearlings can come through the Reynoldsman could surprise a lot of teams.

C.W.

The prophet of Allah, the beard of wisdom has bared his soul to the Carbon staff. That eminent cross-country coach, Mike Hughes, has prepared a discourse on the finer points of college attire. Mr. Hughes and all men of good taste strike out with the vehemence of a conquering horde in denouncing the garb of many lowly freshmen. It is the worthy opinion of those much older and wiser that white levis are not suitable for the college classroom. When this atrocious costume is combined with the absence of socks and the addition of sneakers it becomes a preposterous example of social degradation and misplaced individualistic tendencies.

M-CLUB

Honest Chuck Federle and the M-Club gang have smashed precedent and are remoning the annual M-Club Dance from the abysmal depths of the Mixed Lounge. It will be presented Oct. 31 at the Indiana University Medical Center.

Mixed Lounge

Marian College has the dubious distinction of possessing the world's largest indoor trash receptacle. Time after time students are reminded that the Mixed Lounge is not a pen for swine, but several individuals insist on creating an environment suited to their unordered personalities. Please try to make the lounge a respectable place for students and visitors.
